Raspberry Glen Ample													
Raspberry Glen Lyon													
Raspberry Polka													
Rhubarb Timperley Early													
Rhubarb Victoria													
Rhubarb Stockbridge Arrow													

We have taken our clients love of cooking home grown produce and incorporated this into the garden design. All fruit trees have been kept to a maximum height of 4 metres, but we have used some wonderful varieties with a traditional feel. Selecting the Glen for Raspberry and Ben for Blackcurrant we have ensured that they will survive but crop well across the season when mature.
